## Summary

**Motivated Full Stack Developer** specializing in high-performance web solutions using the **MERN stack** (**React, Next.js, Node.js, MongoDB**). Experienced in translating user requirements into functional, responsive applications, with a strong focus on clean code, collaborative Git workflows, and optimizing overall application performance.

## Technical Skills

**Languages:** JavaScript (ES6+), HTML5, CSS3, Node.js

**Databases:** MongoDB, Mongoose

**Frameworks:** Next.js, Express.js

**Libraries:** React, Tailwind CSS, Bootstrap

**Tools/Deployment:** Git, GitHub, VS Code, Linux, Vercel Deployment, API Integration

## Experience

### Amrood Lab

Lahore, Pakistan

*Web Development Intern*

*Aug 2025 – Nov 2025*

- Engineered responsive and functional components for web applications using the **React/Tailwind CSS** stack, focusing on optimal component performance.
- Optimized code quality and stability by performing rigorous debugging, testing, and participating in constructive code reviews.
- Ensured seamless team efficiency and project integrity by utilizing **Git/GitHub** for robust version control and collaborative workflows.

## Projects

### Personal Portfolio, Next.js Stack

Showcased professional skills and project history via a custom-built, high-performance portfolio. **Tech Used:** Next.js, Tailwind CSS

**Deployment:** Vercel (Optimized for performance and SEO)
