About me

I am a motivated Full Stack Web Developer with experience building responsive, user-focused web applications using modern front-end and back-end technologies. I specialize in JavaScript, HTML, CSS, and frameworks such as React and Next.js, along with back-end technologies like Node.js. I enjoy turning complex problems into efficient, scalable solutions and have hands-on experience working with databases, APIs, and version control systems. I value clean code, performance, and collaboration, and I am always eager to learn and stay up to date with emerging web technologies.

Skill

HTML

Tailwind

Javascript

React

Next.js

Node.js

Mongoo DB

(*)[The skill scale is from 0 (Fundamental Awareness) to 6 (Expert).]

Professional Experience

Full Stack Web Developer

July 1-Dec 31

Amroodlabs, Lahore

Frontend Development:

React, Next.js, TypeScript, JavaScript (ES6+), Tailwind CSS, Bootstrap, HTML, CSS

Database

Mongoo DB

Version Controll:

Git/GitHub, Vercel

Conducted debugging and troubleshooting of applications, resolving issues efficiently to maintain software quality and functionality.

Collaborated with cross-functional teams to gather project requirements, ensuring alignment with client expectations and project goals.

Discussed project progress with customers, collected feedback on different stages and directly addressed concerns.

education

Majoring in Computer Science

Lajore city

2021-2022 Diplome in office managment
Majoring in Computer Science

Lajore city

Projects

- 2025 E-commerce Platform — Live Site GitHub
Built front end e-commerce web application using React, HTML, CSS, and Tailwind. Implemented product listing, shopping cart, checkout, and user authentication.
- 2025 Decision metro — Live Site
Developed the front-end interface using modern web technologies and seamlessly integrated it with backend services and APIs to ensure smooth data flow, efficient user interactions, and reliable functionality across the application.
- 2025 Portfolio Website — Live Site GitHub
Designed personal portfolio using Next.js and Tailwind CSS to showcase projects and professional experience.

Interests

Future Goals Eager to master cutting-edge technologies and best practices across the stack. Short-term, I'm focused on deepening my expertise in modern frontend frameworks, scalable backend architectures, and cloud-native deployment. Long-term, I aim to lead end-to-end product initiatives that blend performance, accessibility, and great developer experience.
